“Unified” by your own color scheme, secondhand teacups get a new life with a simple coat of paint. Regardless of what colors you choose, these dainty planters are simple to make and a perfect way to thank guests for coming to your special day!

You will need:

- Small potted plants
- Card stock for personal message
- Bamboo skewers
- Dust mask

Directions:

1. Wash and dry each teacup to ensure they are free of dust.
2. Give the teacups several coats of paint on all sides. (Tip: Wear a dust mask when doing this.)
3. When completely dry, fit a small potted plan inside each cup.
4. Add to each cup a personal thank you message, printed on card stock at attached to a bamboo skewer.
